Negril's Hedonism II is an all-inclusive, adults-only, lifestyle-friendly resort that lives up to its motto "Your Pleasure is Our Passion."

By openly encouraging guests to explore their most sensual side, it has earned a reputation as a playground for singles, swingers, and open-minded couples wanting to take their sex life to the next level.

The resort is split into two sides: the "prude" side where clothing is optional and behavior is a little more restrained, and the "nude" side, where nudity is mandatory and displays of public intimacy are common.

Both sides offer a choice of pools and hot tubs. Sign up for tantric massage experiences and expert-led erotic workshops at the Kama Sutra Palace, or opt for a more conventional massage at the spa.

During the day, activities range from volleyball and sailing to scuba diving and tennis. By night, sensual shows and striptease performances take center stage. If you're feeling particularly adventurous, head to adult playroom, the Romping Shop. Clothing is required in Hedonism II's multiple restaurants and bars.
